Our research investigates what determines the success of public sector reform in some places but not others. To answer that question we look at the interactions between a political regime's ruling coalition and the policy coalitions that advocate reform in three African countries: Ghana, Uganda and Rwanda.

Effective States » Public Sector Effectiveness in Africa

public sector distorts the priorities of service delivery organizations and inhibits genuine innovation, often to the detriment of service users. Contrasted with this negative account, however, the small but growing number of empirical studies of the impact of performance management largely points towards its benefits for public service performance, especially at the policy field level. This ...
